EXPERIENCE

Web Developer Intern – Frontend & Backend Development
Skill Decode Tech | Mar 2025-Jun 2025

- Developed responsive web interfaces using HTML, CSS, JavaScript, Bootstrap, jQuery, and React components.
- Assisted backend integration with Django, APIs, and database connectivity.
- Collaborated in Agile sprints, participated in code reviews, debugging, and version control with Git/GitHub.
- Contributed to building scalable and maintainable features for real-world projects.

PROJECT

University Website Design – *HTML, CSS , JavaScript*
- Designed a responsive university website showcasing course details, testimonials, and campus information.
- Optimized for mobile and desktop screens, improving usability by 30%.

Internship Application Portal – *Django, Python, HTML, CSS, Bootstrap, SQLite/PostgreSQL*
- Developed a web-based internship portal using Django framework.
- Implemented applicant form with resume upload/download functionality.
- Built an admin dashboard to manage applicants and integrated backend form handling.

E-Commerce Grocery Website – *HTML, CSS, JavaScript, Bootstrap, jQuery, GSAP*
- Developed a responsive, animated front-end with category browsing, product cards, search, login, and seller dashboard.
- Implemented add-to-cart functionality and "Shop by Category" dropdown for smooth user interaction.
- Used GSAP animations for hero section, scroll effects, and enhanced UI/UX on desktop and mobile.
